**SPRING 1913**

**Wholesale Trade List**

**OF**

# THE ELIZABETH NURSERY COMPANY

**Office: Wilder St., Elizabeth, N. J.**

TELEPHONE, ELIZABETH 874 AND 875

TO REACH THE OFFICE AND NURSERIES take the Main line car (which passes Wilder Street) from Elizabeth station or from Newark (D. L. & W. R. R.). Wilder Street is one block south of King Street (or Elizabeth City Line) from Newark; and one block North of North Avenue coming from Elizabeth.

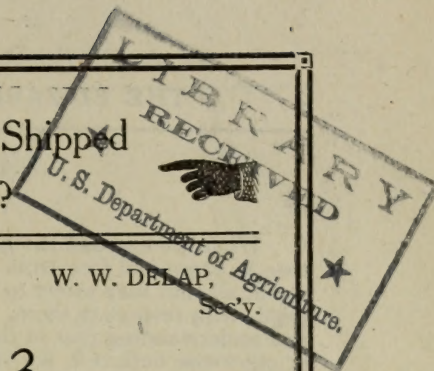

**NO BUSINESS TRANSACTED ON SUNDAY**

All claims for errors, deductions, etc., must be made immediately upon receipt of goods.

Customers are requested to **STATE MODE OF SHIPMENT, EXPRESS OR FREIGHT, AND BY WHAT ROUTE THEY WISH GOODS TO ARRIVE**. When no instructions are given, will forward to the best of our judgment. In no case do we assume responsibility after goods are shipped, unless for our own mistakes.

**ELIZABETH IS ONLY FOURTEEN MILES FROM NEW YORK**

## Guarantee

While we exercise the greatest care to have all trees, shrubs and plants sold by us true to name and free from disease, and hold ourselves prepared to replace, on proper proof, all that may prove to be otherwise, we do not give any warranty, expressed or implied, with respect to them. Any and all such goods are sold upon the express condition and understanding that in the case any of them prove to be untrue to name, unhealthy or otherwise defective, we shall not be held responsible for a greater amount than the original price of the goods.

 **All claims for errors, deductions, etc., must be made immediately upon receipt of goods, or cannot be allowed.**

We cannot fill long lists for one or two of a kind at less than single rates; 25 of a kind at hundred rates, and 250 of a kind at thousand rates.

**Samples will be charged at ten rates**

 We do not guarantee stock to live, and no allowance will be made for plants which fail to live after planting. We guarantee stock to be true to name and in good condition when it leaves our grounds.

 **All stock selected and marked by customer at the Nursery will be charged for in accordance with its value; prices in this catalogue will not govern such stock.**

**TERMS**—Cash with order from unknown parties, or satisfactory reference. If goods are to be sent C. O. D. one-third of the amount must accompany order. Packing will be done in the best manner, in bales or boxes, at the cost of the purchaser, but no charge will be made for delivery to the railroad.

## Herbaceous Plants

We wish to call your attention to our immense stock of hardy herbaceous plants, which we believe is the largest in this country and cannot be surpassed as to quality, as, with very few exceptions, each is an individual plant, not divided.

**For California Privet see Page 24**

**For Fruit Trees see Page 50**

**FOR GREATEST OFFER OF SPECIMEN STOCK EVER MADE  
IN THIS COUNTRY, SEE PAGE 11.**

**A Certificate of Inspection is attached to all shipments**

Europea. European Linden.		
3 to 3¼ inches.....	3 00	

## Great Bargains In Trees

### FOR SCREENING PURPOSES AND GROUPING

 We have a quantity of trees that cannot be called first class, but for screen or group planting are very desirable. While not perfect, they can be used to advantage in grouping, screening or reforestation. These trees are from 10 to 30 feet high, 2 to 8 inches in diameter, and most of them have been transplanted several times. The prices are one-quarter what first-class trees would cost.

## GREATEST OFFER OF SPECIMEN STOCK EVER MADE IN THIS COUNTRY SOLD IN CAR LOAD LOTS ONLY

We are authorized to sell for Mr. James B. Duke, of Somerville, New Jersey, the following specimen stock, most of which has been planted in nursery rows six to eight feet apart, and all of which has received the most careful care and cultivation.

We have also persuaded Mr. Duke to sell many of the fine specimens now growing in groups, in order that the remaining trees may have room to spread.

Mr. Duke has for the past six years been collecting the finest stock that could be had in this country and abroad, and now finds he is overstocked. Nothing like it has ever been offered to the trade before and you should not miss this opportunity to get specimen stock at reasonable prices.

All communications in regard to this stock should be addressed to THE ELIZABETH NURSERY COMPANY, ELIZABETH, N. J.

# Evergreen Trees and Shrubs

Customers desiring to select their own stock will be charged 50 per cent. more than the prices listed in this catalogue.

We ball and burlap all Evergreens, when we think it an advantage, at a cost of 10 cents each, additional to list price.

Customers who do not want their stock burlaped will so state when ordering.

<b>Vervaeana.</b> One of the most compact of the upright Arbor Vitae and the hardiest of all, having withstood our coldest winters; the foliage was not injured and we did not lose a single plant. This is an attractive variety, the green being beautifully interspersed with yellow. It is a rapid grower, very beautiful, and should be in every collection.

<b>Honeysuckle in Variety, from 4-inch pot.</b> .....	25 00 per 100

## Pot Grown Strawberries

Ready June 15th. Descriptive circular, with prices, sent on applicaton.

# Herbaceous Plants

Each will be an individual plant, not divided, and guaranteed true to name.

This line with us is a special department, and is under the control of an expert grower, whose every effort is and will be to produce plants equaled by no one. We are making great advances in the growing, handling and shipping of herbaceous plants. We have over sixty varieties of field grown Phlox—we believe the largest stock in this country (varieties are given on pages 43 to which special attention is called).

We have a large stock of herbaceous plants from 2½-inch pots for spring planting. Prices are given on page 47

In this list where the ten price is given it is intended to cover straight lots of ten plants each. Where less than 5 plants are ordered an advance of 2 cents per plant over the rate will be charged.

	10	100
<i>Acanthus Mollis</i> , purplish rose.....	\$1 20	\$10 00
<i>Achillea Boule de Neige</i> (new). Much superior to <i>Achillea The Pearl</i> . Flowers are very double and pure white; very valuable for cut flowers.....	80	7 00

from 5-inch pots.....	\$2 50 per 10; \$22 50 per 100
In butter tubs.....	\$2 50 each

## Pot Grown Roses

The roses we offer are, with few exceptions, field grown plants that were potted during December and January and started in cold frames so they break away naturally in the spring, making the best possible stock for planting out.

Prices given are for two year old plants out of 4, 5 and 6-inch pots, according to the growth of the variety.

### HYBRID PERPETUAL ROSES.

\$25 00 per 100, except where noted

### RANERE, The New Everbearing RED RASPBERRY.

Nothing better grown; guaranteed as good as St. Regis; has remarkable constitution, withstanding the severest winter as well as severe drought; does well on heavy soil or light sandy soil; is a strong grower with luxuriant foliage which never suffers from sunburn. The fruit is of largest size, a beautiful crimson, firm and an excellent shipper. \$2 50 per 100; \$20 00 per 1000

No. 1

Tree Guard No. 1, made of expanded metal, is 6½ ft. in height and 12 inches in diameter. It is very much stronger than a wire guard and is the standard tree box used and recommended by the New York Tree Planting Association.

Price, each .....\$2 40

Tree Guard No. 4, is a wrought-iron guard made of flat pickets twisted and bound together by circular rings.

Price, each .....\$1 80

No. 4

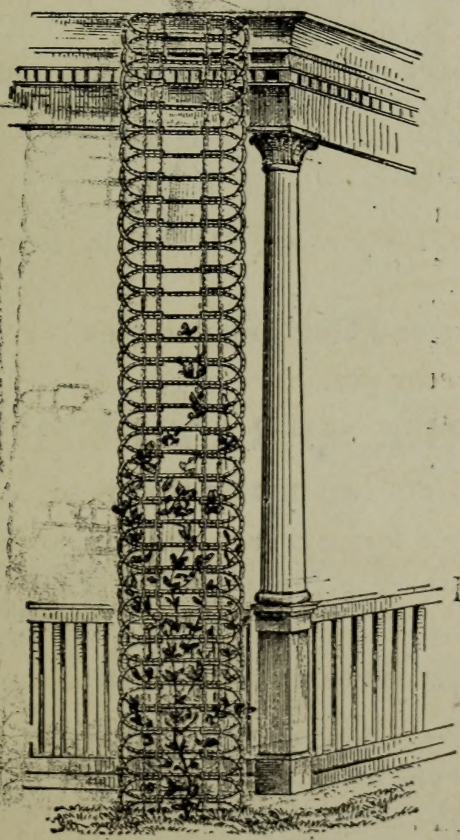

Plate No. 363

Wire Trellis, Plate 363. This is a very serviceable wire trellis and costs but little more than poultry netting so often used for this purpose. Made of galvanized wire, it will keep its shape and last a long time.

18 inches wide.....	12c. per ft.
24 inches wide.....	13c. per ft.
30 inches wide.....	14c. per ft.

If you fail to find what you are looking for in this catalog, write us. We may have just what you want, but not in quantity large enough to offer wholesale generally.

No. 1 Canadian Unleached Hardwood Ashes, \$16.50 per ton & freight

# Spray Your Evergreens With Lime-Sulfur.

If you have any Boxwood, Spruce of any sort or Junipers, that look badly, try spraying them with **Lime-Sulfur**, using one gal. to 36 gals. of water. You will see an improvement within ten days. **This Solution does not Discolor the Foliage**, and we cannot recommend it too highly for Red Spider. It is also good for San Jose scale, Oyster Shell louse, Bitter Rot in apples, Peach Mildew, Leaf Curl, etc. It has proven with us the most effective and cheapest spraying material we have tried. It can be used in connection with Arsenate of Lead.

Prices: 1 gal. can 75c; 5 gal. can \$2.50; 50 gal. bbl. \$15.00.

**S-W New Process Arsenate of Lead** (paste form) remains in solution longer than any other brand we have used.

Prices: 1 lb. 25c; 5 lbs. \$1.00; 12½ lb. pail \$2.00; 25 lb. bucket \$3.40. Prices for larger quantities on application

**S-W Bordeaux Mixture (paste)**

Prices: 1 lb. glass jar, 25c; 5 lb. stone crock, \$1.00; 25 lb. stone crock, \$2.50.

**(A Handy Spraying Calendar and Guide mailed free.)**

For applying the above we use in our work the

## **“STANDARD” BARREL SPRAY PUMP**

Throws a continuous stream from two nozzles if wanted.

We have put 150 ft. of hose on each lead and have had plenty of force to reach any tree we had to. It comes with brass foot strainer, agitator, two “misty jr” spray nozzles and two lengths of ½ in. hose 15ft. each.

Price \$14.50. Barrel with pump mounted on top \$3.50 extra.  
“ “ “ “ “ side 4.50 “

For smaller work the Bordeaux Brass Bucket Sprayer with pail clamp is the most successful and convenient we know of. Fine where you only have one or two trees or rose bushes to syringe or spray. Comes with 3 ft. of ¾ inch hose and “Seneca” nozzle.

Price: \$3.75. Can be used on any pail.

**See page 50 for the Everbearing Raspberry “RANERE.”**
